## IS HOMEWARD BOUND.

Prince Henry of Prussia sailed for Germany.

As the vessel moved away from the pier the cheering was continuous. The vessel appeared and was covered.

New York, March 12.—Prince Henry of Prussia sailed for Germany on board the Hamburg American liner Deutschland Tuesday afternoon. His last day in America was spent entirely on board the Deutschland, but it was well filled with pleasing incidents.

The prince breakfasted early and about 10 o'clock began to receive official farewells. He was surrounded by a large number of representatives of the United States government. Mayor Low, of New York, was also a caller, and the prince, in bidding him farewell, gave a hint that he had some intention of returning to America for a second visit.

The members of the party that accompanied the prince on his tour were his guests at luncheon. Covers were laid for 28 persons in the dining room of the steamer, and music was furnished by the band from the Hohenzollern.

Immediately after luncheon at the prince's invitation the party went to the commanders' bridge of the Deutschland and was there photographed. Then the real farewells began. The final farewells were said by members of the German embassy at Washington.

An incident of the forenoon was the call of the committee of 40 of New York letter carriers, representing the New York branch of the National Letter Carriers' association. They came to present the prince with a bronze tablet in commemoration of the martyred presidents of the United States, Lincoln, Garfield and McKinley. The letter carriers failed to see the prince and were received by Adm. Von Seebeck in his behalf.

They then the admiral said in a high key in return for the present would send the New York Letter Carriers' association his portrait with autograph to hang on the walls of the organization's room in New York.

Shortly before the Deutschland sailed the united singing societies of the city, N. J., appeared on the deck of the Prinzessin Victoria Louise, which lay alongside the Deutschland, and sang a number of selections. Prince Henry appeared on the bridge of the Deutschland with Capt. Albers and bowed his acknowledgments.

When the ship sailed all approaches and the pier house were crowded. The first cabin section of the Deutschland was packed all afternoon with passengers and their friends and in many cases women had to be rescued from the crush to reach the pier.

The Deutschland sailed at 3:45. As she moved away from the pier the cheering was continuous. The prince appeared on the bridge and bowed. All down North river the passing tugs and craft of every description gave the great liner and her distinguished passenger a noisy send off.

Before leaving Prince Henry and President Roosevelt exchanged good wishes by wire.

## FIFTY-SEVENTH CONGRESS.

Washington, March 6.—Senate—It appears likely now that the senate will reach a vote on the pending shipping bill, which was introduced Monday. When Mr. Tamm is in charge of the bill, endeavoring Wednesday to secure an agreement for the time of taking a vote that date was mentioned as being satisfactory to the industry members of the commerce committee. Mr. Clay (Ga.) addressed the senate in opposition to the bill and did not come to the floor to attend the debate.

House—The house continued the debate on the bill to classify the rural free delivery service, and without adjournment carried over to Tuesday the memory of Representative Polk (Pa.), whose death occurred suddenly at Philadelphia Tuesday night. A committee was appointed to attend the funeral of the deceased member.

Washington, March 7.—Senate—A notable speech was made in the senate Thursday by Mr. Hanna (O.) on the subject of the industrial revolution, discussed from the standpoint of an American business man. Before consideration of the shipping bill was resumed an extended debate occurred on the measure providing for the protection of the president of the United States. Mr. Bacon (Ga.) took the ground that in its present shape the bill was an invasion of the jurisdiction of the states and that it ought to be amended radically. Mr. Patterson (Cal.) while he agreed to the general propositions of the bill, urged that it ought not to pass in its present form. No action on the bill was taken.

House—The house devoted another day to debate of the bill to classify the rural free delivery service and to place the carriers under the contract system held in the floor in the House Friday. The interest was manifested in the discussion. A vote is expected Friday.

Washington, March 8.—Senate—On the subject of the industrial revolution, Mr. Hanna (O.) and Mr. Mahony (Fla.), who expected to speak Friday on the pending ship subsidy bill, that measure providing for the classification of the bill in commemoration of the martyred presidents of the United States, Lincoln, Garfield and McKinley. The letter carriers failed to see the prince and were received by Adm. Von Seebeck in his behalf.

They then the admiral said in a high key in return for the present would send the New York Letter Carriers' association his portrait with autograph to hang on the walls of the organization's room in New York.

## METHUEN CAPTURED.

The Worst Reverse to the British Throughout the War.

Three British Officers and 38 Men Were Killed, 5 Officers and 72 Men Wounded, and One Officer and 230 Men Are Missing.

London, March 11.—It was announced Monday that Gen. Lord Methuen and four guns had been captured by the Boers, commanded by Gen. Dorey. The news came like a thunderbolt to London. The extra editions of the evening papers giving an account of the disaster were eagerly bought up and their readers hurried through the streets with anxious faces and bitter remarks were passed on the subject of the government's declaration that the war in South Africa was over. The news came too late to affect business on the stock exchange, but excited curb dealings quickly followed the closing in which the South African slumped heavily.

The news was received in the house of commons amid great excitement. The reading of Lord Kitchener's telegram by the war secretary, Mr. Blandford, was listened to in deep silence, which was broken by loud Irish cheers. Instantly there were cries of "shame," "shame" from the government benches. Then the Irish members seemed to think better of their outbreak and suddenly withdrew to the rear of the chamber, leaving references to Gen. Methuen were received with cheers.

In brief, Lord Kitchener announced that when Gen. Methuen was captured, wounded, with four guns, three British officers and 38 men were killed and five officers and 72 men were wounded. In addition one officer and 230 men were reported missing.

The text of Lord Kitchener's dispatch announcing the capture of Gen. Methuen is as follows:

"Pretoria, March 8.—I greatly regret to have to send you news of the capture of Gen. Methuen. He was moving from the north, under Major J. P. M. and 300 infantry, four guns and a pom-pom, from Wynburg to Lichtenburg, and was met by Gen. Dorey with 1,300 mounted men at Tlofengfontein on Tuesday morning early he was attacked by Dorey's force. The two Boer and Paikantse killed the Boers charged on three sides. Five hundred and fifty men have come in at Maribou and Kraaipan. They were pursued by the Boers four miles from the scene of the action. They report that Gen. Methuen and his staff were captured. The Boers, Methuen, when last seen, was a prisoner. I have no details of the casualties and suggest delaying publication till I can send definite news. I think this sudden reversal of fortune on the part of the British will draw off the troops pending the war."

In a second dispatch, dated Sunday March 9, Lord Kitchener says:

"Paris has come in at Kraaipan, with the remainder of the men. He reports that the column was moving in two parties. One party, consisting of two troops at 3 a. m. The other, with the main body, started on horseback. The Boers, when last seen, were a prisoner. I have no details of the casualties and suggest delaying publication till I can send definite news. I think this sudden reversal of fortune on the part of the British will draw off the troops pending the war."

Old Officers Re-Elected. St. Louis, March 12.—At a meeting Tuesday of the board of directors of the Louisiana Purchase Exposition Co., David R. Francis was re-elected president by unanimous vote. The other officers were also re-elected.

His Short in His Accounts. St. Louis, March 12.—Wm. H. Hoffmeister, late supreme recorder of the Legion of Honor, who committed suicide January 21, was found 12 hours after having been defeated for reelection, was short in his accounts with the lodge to the amount of \$30.54.

## HIS FIRST VETO MESSAGE.

President Roosevelt Disapproves of Removing a Charge of Deserter.

Washington, March 12.—President Roosevelt Tuesday sent his first veto message to congress. It was directed to the senate and the bill vetoed was the one removing the charge of desertion from the naval record of John Glass. The message was as follows:

"There can be no graver crime than the crime of desertion from the army or navy, especially during war. It is then high treason to the nation and is justly punishable by death. No man should be relieved from such a crime, especially when nearly 40 years has passed since it occurred, save on the clearest proof of his real innocence. In this case, the statement made by the affiant does not at all points agree with his statement made to the secretary of the navy. In any event it is not comprehensive to me that he should not have made effective effort to get back into the navy. He had served but little more than a month when he deserted and the war lasted for over a year afterwards, yet he made no effort whatever to get back into the war. Under such circumstances it seems to me that to remove the charge of desertion from the navy and give him an honorable discharge would be to falsify the records and do an injustice to his gallant and worthy comrades who fought the war to the finish."

The names of the veterans who fought in the civil war make the honor roll of the navy. I am not willing to think better of their outbreak and suddenly attacked by Dorey's force. The two Boer and Paikantse killed the Boers charged on three sides. Five hundred and fifty men have come in at Maribou and Kraaipan. They were pursued by the Boers four miles from the scene of the action. They report that Gen. Methuen and his staff were captured. The Boers, Methuen, when last seen, was a prisoner. I have no details of the casualties and suggest delaying publication till I can send definite news. I think this sudden reversal of fortune on the part of the British will draw off the troops pending the war."

AT THE ST. LOUIS WORLD'S FAIR.

France Will Have a Finer Show Than She Had at Chicago.

Paris, March 12.—France will have a finer show at the St. Louis exposition than she had at the Chicago world's fair. Mr. Bowen, the representative of the St. Louis exposition, has had a conference with the minister of commerce, M. Millerand, at which the former was informed that France desired 45,000 square metres of floor space, subject to a few conditions, the most important being that the exhibition should be held in a building similar to those at the Paris exposition of 1900.

During the last few days Judge H. P. White, a leader of the White faction, a brother of John E. White, and an uncle of Bev and John E. ### Announcements.

#### CONGRESS.

The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

Large quantities of timber, principally poplar, and oak, go out of the Big Sandy river to market on every rise, just the same as it has for two-score years. The supply seems to be inexhaustible.

Big Sandy has always made an open fight for the appropriations needed for the improvement of the river, feeling assured of the merits of her claims. Many other rivers have secured much more money through wire-pulling alone.

Reports received by the Agricultural Department indicate that the corn crop of 1901 was the smallest, with one exception, in twenty years. The wheat crop was one of the largest ever grown, but the oat production was below the average.

It is impossible just at this time to give the exact status of the re-districting bills in the Kentucky Legislature. There have been so many changes from time to time, and such uncertainty as to the fate, that we can only wait for the end of the session to know what has been done.

Representative William H. Moody, of the Sixth Massachusetts district, will join the Cabinet of President Roosevelt May 1, as successor to Secretary of the Navy Long. The latter yesterday handed his resignation to the President thus carrying into effect an intention formed several months ago.

Representative Landon Lawson, of Pike county, ranks high in the Kentucky House of Representatives. He attends strictly to business and keeps well posted on what is going on, giving intelligent consideration to every bill presented. He commands respect and has considerable influence. Pike county made no mistake in sending him to the Legislature.

The improvement of the Big Sandy river is of vast importance to the manufacturing interests of the entire Ohio and Mississippi valley lying below the mouth of the Big Sandy river. This means that it is a vital matter to millions of people and millions of capital. This field would furnish the steepest, cheapest and most abundant coal supply that great section has ever had.

A bulletin issued by the Census Bureau on sawmills, planing mills and timber camps in the United States shows the State of Kentucky to have ranked sixth in this respect, with 1,280 establishments capitalized at \$9,805,404. The number of proprietors and firm members were 1,699. Number of clerks 337; salaries, \$258,910. Total average number, 7,549; wages, \$2,477,693. Cost of materials used, \$7,379,148. Value of product, \$13,744,911.

One of the ablest and most influential men in the Kentucky Senate is Senator Byron, of Bracken county. He is the originator of some of the most important measures presented at the present session of the Legislature, and a strong champion of others. In debate he has proved himself to be ready and strong. He is remembered here by all who heard him make a very able speech about two years ago, and they are pleased to note that he is winning laurels at Frankfort.

The Kentucky Legislature will adjourn next Tuesday, the session expiring on that day by constitutional limitation.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Ely's Liquid Cream Balm. Price including the spraying tube is 75c. Druggists or by mail. The liquid embodies the medicinal properties of the solid preparation. Cream Balm is quickly absorbed by the membrane and does not dry up the secretions but changes them to a natural and healthy character. Ely Bros., 56 Warren st N.Y.

### Scored the Witnesses.

A dispatch from Frankfort to the Courier-Journal says:

The sequel to the trial against Isom Wiley, of Lawrence county, charged with violation of the revenue law in the Federal Court, was an order from Judge Cochran dismissing the prosecution against Wiley. He also directed that three witnesses summoned for the prosecution be sent home without the allowance of witness fees or mileage. Wiley, it developed, is a half idiot, and an investigation of the case convinced District Attorney Tinsley that the three prosecuting witnesses had confederated together and instigated a case against him in order to fleece the Government of per diem and mileage. When the case was called the District Attorney made a statement of the facts to the court and after a scathing arraignment of the parties to the attempted fraud moved a dismissal of the indictment.

"Let the indictment be dismissed," said Judge Cochran, "and let these witnesses pay their own way home. They are not entitled to either witness fees or mileage and the Marshal is directed to withhold the same."

### \$100 REWARD \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by rebuilding the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists. 75c. per bottle. Hall's Family Pills are the best.

## Just Across the River in West Virginia.

The minors of Richard Adkins Huntington, have been granted a pension of \$16.

The Ceredo Advance says: "We have been reliably informed that the Norfolk & Western railway offices, which were moved to Portsmouth, Ohio, several weeks ago, will be returned to Roanoke in a short time. This includes the office of Superintendent Connor and about seventeen subordinates."

Ike Handley, an employee of the Mutual Telephone Company, had the misfortune today to swallow a double pointed tack which lodged far down the throat. After an unsuccessful effort to remove the obstruction by a number of physicians, Handley was taken to the X Ray machine owned by Dr. Baker. The tack was located and with considerable difficulty removed.—Huntington Advertiser.

John Shockey, of Clements, Barbour county, is one of the surviving members of a remarkable family. He is over 100 years old, and has fifteen children, ninety-seven grandchildren and one great-grandchild. His father died at the advanced age of 107 years, a brother and a sister each lived to be 96 years old. The longevity of the Shockey family can hardly be duplicated anywhere.—Lincoln (W. Va.) News.

Mr. Henry M. Ensign, who for a number of years has been superintendent of the Wheel foundry at the plant of the Ensign Works in this city, later the American Car and Foundry Company, has tendered his resignation and left yesterday for southern Georgia where he has accepted a very responsible position of General Superintendent of the Ensign, Osgood Lumber Company, one of the largest lumber concerns in that section of the state.—Huntington Advertiser.

The Huntington Herald of Saturday gives an account of a cutting scrape which occurred Friday night. John Rau, Sr., and Roy Lombard became involved in a dispute about money matters. Lombard dealt Rau a blow and the two agreed to go some place "where they would make no disturbance and fight it out."

They met near the new court house and Rau used his knife on Lombard, inflicting some severe, but not dangerous wounds. They were separated, Rau was placed under \$1,000 bond.

Huntington, W. Va., March 11.—A man giving his name as B. N. Ferguson and his home at Iron Gate, Va., was taken from a C. & O. train here last night, as his actions indicated insanity. He was placed in the city jail. Today, after being given a meal he reserved a spoon in his cell. Breaking the handle from the spoon, he severed the arteries in his left wrist, and then drove the spoon handle through his foot with a poker. The man was rapidly bleeding to death when physicians reached him. He may recover. He is of good appearance, and from papers found on his person is an Odd Fellow. The local lodge of Odd Fellows is endeavoring to locate his people. Ferguson imagines that he is being pursued by enemies. He is now in a padded cell.

At a late hour Monday night Mrs. Fred Goulding, of Davy, shot and killed her husband and then fired a bullet through her own heart. The shooting occurred at the Goulding home, on the outskirts of the town and was witnessed by their two little children and a servant girl. The terrible tragedy was the ending of a very unhappy five years of wedded life. Goulding came home last night intoxicated and his wife immediately passed into her bedchamber, picked up a revolver and resting the weapon against the door facing, fired three shots at her husband, every one of which took effect. She then kissed her little ones goodbye, and a moment later shot herself. Goulding was the foreman of a lumber yard for the Davy Crockett Lumber Company.

## DEATH'S HARVEST.

### Another Long List of Victims Gathered by the Grim Reaper.

Universal sorrow was caused  
throughout this region by the news  
of the sudden death of Rev. George  
Justice, which occurred last Sun-  
day at his home at Princess, Boyd  
county, to which place he had  
moved only a short time ago. His  
death was caused by rheumatism  
of the heart, which attacked him  
only a few hours before. Recently  
he had sold his place on East Fork,  
near the Lawrence county line, and  
bought property at Princess, where  
he intended to engage in the mer-  
cantile business.

The Ashland Daily Independent  
gives the following particulars:

In her death Boyd county loses  
one of her most prominent minis-  
ters, and influential men. He was  
about 39 years of age and leaves a  
wife and six children. His wife  
was a Miss Ross, daughter of the  
late Judge Jack Ross, and a sister  
of George, Buck, Joe, Crit, John  
and Taylor Ross, all prominent  
farmers and stock men of this  
county.

Rev. Mr. Justice was counted  
one of Kentucky's most brilliant  
young Baptist ministers, and it  
will be remembered that a few  
years ago he was the Democratic  
nominee for the Legislature de-  
feated by a small majority by Rev.  
J. H. Sturgill.

He might be said to be one of  
the best known and most popular  
men in the Sandy Valley.

By a singular coincidence it  
seems, just a week ago last Friday  
he was called upon to preach the  
funeral of his friend and former  
neighbor, Dr. Sparks, at Denton.  
He chose for his text the latter part  
of the 3d verse of the 20th chap-  
ter of 1st Samuel: "There is but a  
step between me and death." It seems  
this was his last work and the  
words seemed most fitting in his  
case.

"Twas the wink of an eye, 'tis the  
draught of a breath,  
From the blossom of health to the pale-  
ness of death."

The remains were taken to Bolts  
Fork and interred at the Ross  
graveyard. The funeral services  
were conducted by Rev. Willis C.  
Pierce, pastor of the First Baptist  
Church at Catlettsburg.

James R. Cordle, the 14-year-old  
son of James H. Cordle, died Sun-  
day at Russell, Ky., and the body  
was brought back to the old home  
on Little Blaine, this county, for  
burial. Mr. Cordle moved down  
there several months ago, where  
he has employment. The loss of  
this promising son is deeply felt by  
him.

George Spears died at Catletts-  
burg Sunday of cancer of the liver,  
from which he had been suffering  
for some time. He was 55 years  
old, and was a resident of Louisa  
for a number of years, having been  
connected with the Louisa Flour  
Mill when Capt. Reese was oper-  
ating it. He was also a steam-  
boatman and was known all along  
the river. His body was taken to  
River, Johnson county, for burial.  
This was his old home.

Mrs. Clark Mead died at Peach  
 Orchard last Sunday. She was a  
daughter of Mr. Simon Bartlett, of  
Georges Creek. She leaves a hus-  
band and three children. She was  
a good woman and her death is a  
great loss to her family and rela-  
tives, to all of whom the sympathy  
of the community goes out.

The eleven-year-old son of Doc  
Carter of this county, died Sunday  
of rheumatism and typhoid fever.  
The little fellow suffered terribly  
and it seemed that only death could  
give him relief.

Sammy, the 18-year-old son of  
Harrison Artip, living about three  
miles from Cassville, died Friday  
night of last week.

The little three-year-old daugh-  
ter of Fred Picklesimer, of Bus-  
seyville, died last Tuesday.

#### Bodies Not Found.

The bodies of Louis Schmitt and  
Frank Tyree, who were drowned  
near Pikeville two weeks ago, have  
not been found. A search has been  
kept up continuously to the best  
advantage possible, though the  
weather and stage of water have  
been unfavorable ever since the  
terrible accident. It is said that  
rewards aggregating \$700 are now  
outstanding for the recovery of the  
two bodies.

Two brothers of Mr. Schmitt  
were in Louisa Wednesday from  
up Sandy. They went on to Port-  
smouth. The father of Mr. Tyree  
is now up the river assisting in the  
search.

ing after the contractor's work of  
filling the trestles on the Big San-  
dy division, passed down Monday  
with a number of his employees  
and went to Huntington to as-  
sist in making repairs on their  
steam shovel, which is in the shop  
there.

Roland Burns Horton celebrated  
his ninth birthday Monday even-  
ing with a party, in which a num-  
ber of his little friends partici-  
pated with much pleasure. That they  
all had a good time was shown by  
the hilarious manner in which they  
conducted themselves throughout  
the evening. Mr. Burns and fam-  
ily know how to help the children  
enjoy themselves.

The brass band recently organ-  
ized here by the Junior Order of  
American Mechanics made its first  
appearance on our streets Monday  
evening. The music was well re-  
ceived and showed that the young  
men are devoting themselves to  
work and that they will give to  
Louisa a band of which her people  
may justly feel proud.

Little Rock, Ark., March 6.—The  
man arrested in Little Rock sev-  
eral weeks ago as Frank Duncan,  
the Birmingham condemned mur-  
derer, was fully identified today as  
H. K. Emmett, who is wanted by  
the Federal authorities for robbing  
the postoffice at Louisa, Ky. He  
admitted his identity and was  
turned over to United States Mar-  
shal Cooper.

It has been reported that a large  
sum of money was on the person  
of Frank Tyree, when drowned.  
But we have it from Mr. Tim  
Fields, of the firm of Crump &  
Fields, for whom the deceased  
travelled, that Mr. Tyree had made  
a remittance and all the money on  
his person would be his expense  
money which would not amount to  
more than \$20 or \$25, at the most.

M. B. Goble, one of Catlettsburg's  
prominent timber men, and a former  
citizen of Louisa, is critically ill  
at his home with heart trouble.  
He was stricken last Friday and  
it was thought at first that he could  
live but a short time. His condi-  
tion shows some improvement, and  
his family have strong hopes of  
seeing him able to get around  
again. He is 64 years of age, and  
during the last year or two the  
burden of years has been telling  
upon him very perceptibly.

The passenger service on the Big  
Sandy river is giving the best of  
satisfaction. The train coming  
down in the morning is now carry-  
ing many passengers from points  
beyond the railroad. Three prom-  
inent business men of Prestons-  
burg who were on the train this  
week said the people of the upper  
valley are delighted with the pres-  
ent service. The connections are  
sure, and as good as can be made.  
They said that when steamboats  
could not run they would drive  
from Pikeville to Whitehouse in a  
day and take the train next morn-  
ing in preference to driving across  
to the Norfolk & Western, as they  
now do.

#### Fraudulent Pensioner Arrested.

Special Pension Examiner Folger,  
whose headquarters are at this  
place, has just succeeded in  
"catching up with" a fraudulent  
pensioner who for several years  
has been drawing money from Uncle  
Sam to which he was not entitled.  
A warrant for his arrest was placed  
in the hands of U. S. Marshal Wm.  
Bartram Monday, and that even-  
ing the Marshal captured the man  
on a shanty boat a short distance  
above the mouth of Big Sandy.  
The accused was landed in jail and  
will have his hearing next Monday  
before Commissioner John T. Gil-  
son, at Huntington. It is said he  
will plead guilty.

The warrant was for James  
Wise, alias El-near Coats. He has  
been drawing pension money  
regularly since 1866 on the record  
of his brother-in-law, who died a  
few years ago. Some time since,  
Wise and his wife separated and  
she applied for a division of the  
pension. Upon furnishing the nec-  
essary proof the allowance was  
divided, and it was through subse-  
quent developments in this con-  
nection that Mr. Folger saw indica-  
tions of fraud. Wise is certain  
of a term in the penitentiary.

Crump & Field, one of Ashland's  
popular wholesale grocery houses,  
have contracted with Mr. C. Waits,  
of Catlettsburg, to represent them  
in the Big Sandy valley territory,  
which was covered by Mr. Frank  
Tyree until his tragic death by  
drowning.

Mr. Waits is better known  
throughout that section than any  
other man traveling in it, as he  
has been visiting the merchants up  
there during a greater number of  
years than any other salesman on  
the road. With such a large and  
reliable firm behind him as that of  
Crump & Field, he will undoubtedly  
be "land" a large amount of busi-  
ness. Mr. Waits knows the grocery  
business from top to bottom and  
his firm is in position to supply  
every want and meet all competi-  
tion. The arrangement is a happy  
one all around.—Ashland Inde-  
pendent.

land, was killed at Tuscaloosa, Ala.,  
last week.

The little daughter of Green  
George, of Paintsville, died Sat-  
urday from Burns received on

At a meeting of the City Council  
of Inez, Martin county, a general  
row occurred, which culminated in  
the resignation of City Marshal  
Smith, City Attorney Hinkle and  
Councilman Ward.

Messrs. Amos and Millard Tyree  
brothers of Frank Tyree, are here,  
and they are exerting every influ-  
ence possible to recover their brother's  
body. A reward of \$100 has  
been offered in order that it will  
stimulate timber men to keep a  
closer lookout.—Catlettsburg Daily  
Press.

The body of the wife of Estell  
Thomas, drowned in the late fresh-  
et in Dry Fork of Tug river near  
Davy, was recovered Thursday al-  
most a mile below the place where  
the small structure in which she  
made her home, was washed away.  
The body was lodged in the forks  
of a tree standing near the shore of  
the stream. It was removed to  
Davy and the interment took place  
Friday.

Clarence Adams, son of N. P.  
Adams, of Salsersville, died at  
Central Hotel, Carey, Morgan  
county, last Tuesday, of pneumo-  
nia. He was principal of the Caney  
High School, and a graduate of the  
A. & M. College of Lexington. He  
was twenty-one years of age and  
one of the most promising young  
men of the mountains. He was a  
brother of traveling salesman R.  
M. Adams, and Win Adams, book-  
keeper in the Catlettsburg Nation-  
al Bank.

The burial took place at Salsers-  
ville Wednesday.

A Greenup special to the Port-  
smouth Blade says:

The United States Government  
will make a test of the McKinsters  
mail bag catcher, some time in this  
month. This invention takes the  
mail no matter how fast the train  
is going and deposits the outgoing  
mail on the same crane. Private  
tests have proven the invention a  
great success and it only needs the  
proper endorsement of Uncle Sam  
to make a fortune for the genius  
that invented it, Rev. I. F. J. Mc-  
Kinster. The test will likely be  
made on the Lexington division of  
the C. & O. railway.

The Appellate Court has reversed  
a judgment of the Carter Circuit  
Court in the damage case of the  
Chesapeake & Ohio Railroad Com-  
pany against J. H. Salsbury. The  
plaintiff secured judgment in the  
court below for \$6,500 for the loss  
of an arm, by falling beneath a  
train from which he had been ejected.  
The railroad company asked for a  
peremptory instruction for the de-  
fense at the close of the plain-  
tiff's testimony, and the court  
below refused. The Court of Ap-  
peals in the opinion says that this  
should have been given, as the  
plaintiff below sustained injury not  
through fault of the appellant  
company.

Mrs. E. C. Switzer, of Wayne, W.  
Va., is the guest of Mr. and  
Mrs. F. T. D. Wallace. This is her  
first visit here since her husband  
was pastor of the M. E. Church  
South, and the people of Louisa  
are glad to see her. Mr. Switzer  
will probably come over next  
week.

A bill has passed the lower house  
of Congress granting a pension of  
\$30 per month to "Flek" Pen-  
nington, of Catlettsburg, who served  
through the war as a drummer  
and bugle while a mere boy. The  
bill was introduced by Congress-  
man Kehoe.

Mrs. A. J. Garrel has been criti-  
cally ill for several days with pneu-  
monia, but she is now considerably  
improved. For awhile her chances  
for recovery were thought to be  
very poor.

## BAD BABIES

Are often hungry babies. They cry and fret because they are ill-fed. The healthy mother is sure to have good babies; babies that coo and sleep and grow. Mothers who use Doctor Pierce's Favorite Prescription are generally healthy and happy, and have healthy happy children. "Favorite Prescription" prevents nausea, soothes the nerves, promotes the appetite and causes sleep to be sound and refreshing. It gives a great physical vigor and muscular elasticity so that the baby's advent is practically painless. It is the best tonic for nursing mothers, restoring strength and promoting an abundant flow of nutritive secretions.

"I can cheerfully recommend Dr. Pierce's Favorite Prescription as one of the best medicines for women," writes Mrs. Mary M. McKee, of New York. "I have used it for several years, and I know it has no equal. I am the mother of ten children and only one living—the tenth one. She is one year old and is as well and hearty as can be. She is a fat, healthy baby, and I can tell you that I owe her health to Dr. Pierce's Favorite Prescription. Of my other babies, one lived to be one year old, but she was always feeble. I tried all the best doctors, but none of them could tell me what my trouble was. They said I was well and strong. I was examined by surgeons but they found nothing wrong, and they were puzzled to know what my trouble was. I did not know what to do, so I thought this time I would try Dr. Pierce's Favorite Prescription. I took it the entire nine months and now have a fine baby girl, and I cannot praise your medicine enough for the good it did me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Pleasant Pellets are easy and pleasant to take. A most effective laxative.

## DO YOU GET UP WITH A LAME BACK?

## Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder remedy. It is the great medical triumph of the nineteenth century, discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid, rheumatism and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Elm Street, New York, N. Y. The sample bottle and book are sent by good druggists.

## Tired

that's all. No energy, no vim, no vigor, no ambition. The head aches, thoughts are confused, memory fails. Life becomes a round of work but half accomplished, of eating that does not nourish, of sleep that fails to refresh and of resting that never rests. That's the beginning of nervous prostration.

"I never had anything do me so much good as Dr. Miles' Nervine. I was tired, nervous, sleepless and without energy. I know of nothing so good for irritation and general breaking up of the system."

R. L. F. Nazzari, Fairbury, Ga.

## OBITUARY.

On February 24th, 1902, W. H. White, one of our oldest citizens, left the shores of time to answer to the roll call up yonder.

A devoted father, a kind husband no more, he left the hills and valleys of this earth but walks among those gone before, to the city not made with hands.

He was a native of Virginia having been born in Tazewell county, February 12, 1831, but for several years had been a resident of Kentucky.

His lingering here only strengthened and brightened his prospects

for the future after death. When he realized that the death angel had called he said "The future is bright. I am ready to go." He had known for some time that he could not recover and calmly waited until death should close his eyes into an eternal sleep and hush his lips into an everlasting silence.

The trumpet of the Lord shall sound, and time shall be no more. He no longer lives upon earth among men but is now marching with the marshaled hosts of heaven.

He was laid to rest on February 26th, in the family burial ground overlooking the old homestead. This funeral was one of the most impressive in character, and was conducted by the writer and Rev. G. C. Hutchison of the Grassland circuit.

Many friends and sorrowing relatives were present to pay the last tribute of respect to one who was born as we were born, who lived as we should live and who died as we surely shall die. Although our hearts are saddened and his loss we deeply feel, yet we have the blessed assurance that our loss is heaven's gain.

A star has disappeared from among the lights of earth, but on the resurrection morn its rays will fall upon us as radiant as the star of Bethlehem.

Mother, husband has gone to join the angel band and if thou art faithful until death you will be reunited on that evergreen shore. Children, take courage; if you follow his footsteps you will again meet father where parting shall be no more.

## THEY CRASH THE POWERS

This is written in mid-October. The long, oppressive summer is quite gone. Fading leaf, withering tree and the rustling corn in the fields are signs of the season. Fog, frost, rain, snow—they are coming. You remember last winter, of 1900 and 1901. The weather was cruel. All the thousands it killed, and the hundreds of thousands it maimed and crippled. Oh, the rough grasp it laid on men at work, women at home, and children in crib and cradle. They are racking and tearing them still; yes, and growing worse as they dig deeper into the year, tired throat and lungs. Many were cured by using Benson's Powerful Plasters. For the soothing and healing power of these Plasters is wonderful. They conquer the complaints.

THAT ARE KILLING THE PEOPLE.

No other plaster, no other medicine or application, can compare with them. Coughs, colds, backache, rheumatism, lameness, kidney and liver troubles, asthma, indigestion, they all go down before Benson's Powerful Plasters. See a snow image in the sun. You can't blow money away on a Benson's Plaster. Everybody is going to use them this season. But make certain you get the genuine. All druggists, or we will prepare orders on any number ordered in the United States on receipt of 25c. each.
